

## Covid-19 Protection Framework Update :

As you may be aware, the Government recently announced a new COVID-19 Protection Framework supported by COVID-19 Vaccination Certificates.

This framework comes into effect on the 3rd of December 2021, after which all persons visiting Indoor Sports Upper Hutt premises will need to produce a vaccine certificate to prove that they are fully vaccinated against Covid-19 .

To align with the COVID-19 Protection Framework, the Government has mandated vaccinations for workers at businesses where customers need to show COVID-19 Vaccination Certificates, and we are pleased to announce that all Indoor Sports Upper Hutt staff on site will be vaccinated.

To enable us to process all visitors at the kiosk please ensure that you have your vaccine pass available for scanning by one of our friendly team.

There are a few forms your pass can take, including:

1. Print it out and carry it around on paper;
2. Download it as a PDF file, or screenshot on your phone; or
3. Connect it to your Google Pay or Apple Wallet account by following the link provided when your pass is emailed to you.

Indoor Sports Upper Hutt fully supports the Covid-19 Protection Framework as a really important step towards keeping ourselves, our workplaces, workmates, our whānau, and our communities safe.

We also encourage everyone to keep up those good habits like wearing masks , washing hands , staying home if we're unwell and using the COVID Tracer app with Bluetooth turned on.

Thanks for all your support and understanding .

Indoor Sports - Upper Hutt
